## Projects

**ARYTech Website - Client Clone**
Oct.2025 - Present

https://arytech-clone.netlify.app/

Developed a professional and responsive company website clone for AryTech as a portfolio-level client project.
Features include:
- Clean and modern corporate UI.
- Services, team, and contact sections.
- Smooth animations using modern CSS.
- Fully responsive layout across all devices.
- Designed to represent a tech company's branding built using HTML, CSS, JavaScript, and modern UI practices.
